SPEAKER:

Mr. Larry Varn is a practicing attorney and partner with the Boston-based law firm of Sullivan & Worcester LLP with nearly 25 years of commercial litigation experience. He represents clients in a broad range of commercial and financial litigation, corporate investigations and crisis management, including investigations and claims and defenses arising out of large loss fires and other catastrophes, and also matters involving fire and life safety codes and standards. He represented Iron Mountain in numerous matters arising out of three arson fires in NJ in 1997, and he is responsible for the Company's investigation of the 2006 East London fire and its relationships with law enforcement, fire and life safety officials and others. Larry has also represented PRISM International in numerous matters arising out of fire and life safety codes and standards promulgated by the NFPA, and serves as a member of NFPA's Committee on Record Protection that is responsible for NFPA 232. He received his J.D., magna cum laude, from Harvard Law School in 1982. Larry is an active member of PRISM International, NFPA, and the International Association of Arson Investigators (Mass. and United Kingdom chapters), an allied professional member of the SFPE, and an affiliate member of the National Fire Sprinkler Association, and he speaks regularly to business and professional audiences on fire protection codes and issues.

MEETINGS: Please be aware that this training day will take the place of both FPANT and SFPE's regularly scheduled March meetings.

CEU's will be provided for 3 contact hours.
